

Hand therapy can change lives, and who better to share the importance and impact of hand therapy than our patients? We're looking to highlight patient success stories!

Did you sustain an injury that affected you at work, or prevented you from participating in an activity/hobby? Did a hand therapist treat you and help you return to function? Did hand therapy change your life?

Please visit the link below and submit your story to the American Society of Hand Therapists to share the impact a hand therapist had on your life!

<http://bit.ly/handtherapystory>

*Note: Your story may be featured on the ASHT website or in upcoming campaigns.*
